## Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## DETAILED ACTION

### *Claim Rejections - 35 USC § 103*

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 122 is rejected under 35 U.S.C. 103(a) as being unpatentable over Morioka in view of Lawlor.

An electronic transaction system for transactions relating to the purchase of goods, the system including: means for storing user-defined transaction parameters, where the transaction parameters can be stored once and used in connection with subsequent transactions; means for receiving user identification information; means for retrieving stored user-defined transaction parameters associated with the user identification information; means for enabling the user to perform one or more preliminary steps; a graphical user interface for facilitating the ability for a user to specify desired transaction parameters for a transaction, the graphical user interface including: means for simultaneously displaying on a single menu screen, the transaction parameters desired to define the transaction, including one or more of the user-defined transaction parameters associated with the user identification information; and means for enabling the user, from the single menu screen, to: i) make a single action to indicate the desire to enter into a transaction using the transaction parameters displayed on the single menu screen,

Art Unit: 3693

or ii) make one or more selections from the single menu screen to change one or more of the displayed transaction parameters and make a single action to indicate the desire to enter into a transaction with the changed transaction parameters displayed on the single menu screen (see previous action dated June 24, 2004).
